

## **Update in Glomerular Disease 2014**

### **Friday, February 7, 2014**

**Course Director: Andrew Bomback, MD, MPH & Jai Radhakrishnan, MD, MS**

Scope: Recent advances in the diagnosis and management of glomerular disease in a one-day course

---

- 9:00 AM: **Introduction**  
*Andrew Bomback, MD, MPH & Jai Radhakrishnan, MD, MS*
- 9:15 AM: **Membranous Nephropathy in 2014: What's New?**  
*Andrew Bomback, MD, MPH*
- 9:45 AM: **Viral Glomerular Disease**  
*Jai Radhakrishnan, MD, MS*
- 10:15 AM: **Personalized Genomic Nephrology**  
*Ali Gharavi, MD*
- 10:45 AM: COFFEE BREAK**
- 11:00 AM: **Monoclonal Gammopathy: An Update**  
*Jai Radhakrishnan, MD, MS*
- 11:45 AM: **State of the Art Lecture: The Elusive Permeability Factor in FSGS**  
*Jochen Reiser, MD, PhD*
- 12:30 PM: LUNCH**
- 1:15 PM: **Lupus Nephritis: Current & Future Therapies**  
*Gerald Appel, MD*
- 2:00 PM: **Update in Small Vessel Vasculitis: ANCA-associated Glomerulonephritis**  
*Andrew Bomback, MD, MPH*
- 2:30 PM: **Update: IgA Nephropathy**  
*Pietro Canetta, MD*
- 3:00 PM: COFFEE BREAK**
- 3:15 PM: **Challenging cases from the Archives of the Glomerular Center with ARS**
- Nephrologists:** Gerald Appel, MD, Jai Radhakrishnan, MD, MS, Andrew Bomback MD, MPH, Pietro Canetta, MD, Jonathan Hogan, MD
- Pathologists:** Leal Herlitz, MD, M. Barry Stokes, MD
- 5:30 PM: ADJOURN**
